

Week 2 Option B: Letter to Your Family

After watching the CNN 10 Student News segment, **read the article**, “Life in the Trenches.” This article is available on Mr. Underwood’s Digital Learning Page.

Using the pages from the document about Trench Warfare, write a half page long letter home to your family describing trench warfare to them.

Start your letter like this: “Dear Mom and Dad, life in the trenches is…….”

Please make sure you describe it in school-appropriate language, you can certainly describe the death that came with trench warfare, but don’t describe it as an active participant

For this assignment you can either type the letter directly into the Digital Attendance Check-In form or you can type it on a separate Google document and then share the link using the “Share My Google Document Link” option at the bottom of the attendance check-in.
